About Argus Dental & Vision

Founded in 2007 by a dentist and licensed through the Florida Department of Insurance, Argus Dental & Vision provides administration of dental & vision benefits that offer value and quality. We maintain licensures as a Pre-paid Health Plan, a Discount Medical Plan and a Third Party Administrator, providing fully-delegated services for Medicare and Medicaid HMO partners, commercial accounts and government agencies. **Argus Dental & Vision is proud to offer the first dental and vision plans in the United States to be accredited for Quality Care by the Accreditation Association for Ambulatory Health Care (AAAHC).**

We care about dental and vision care. That's why we make it easy for members to maintain their overall health and wellness by providing them with access to the affordable coverage they need and the quality service experiences they deserve.

At Argus Dental & Vision, we believe in the guiding principles of making dental & vision care more accessible, and improving the quality of care delivered by providers. We provide members with quality, in-network benefits and low out-of-pocket costs from dental providers credentialed in accordance with guidelines set forth by the National Committee for Quality Assurance (NCQA) and the Centers for Medicare and Medicaid Services (CMS).
