

March 19, 2020

The team at Argus Dental & Vision has been closely monitoring the COVID-19 situation, along with its implications for public health and safety. We are closely following official guidance by the [Centers for Disease Control \(CDC\)](#) and the [World Health Organization \(WHO\)](#). Additionally, the [American Dental Association](#), the [American Academy of Ophthalmology](#) and the [American Optometric Association](#) have all published their statements about non-essential services being delayed until further notice from the CDC.

Argus Dental & Vision has implemented its business continuity plan to ensure Argus employee safety as well as keeping fundamental business operations intact. We want you to know that we're here to help you during this difficult time. If you have any questions, please contact our Customer Care Team at 877.864.0625. Our regular business hours haven't changed, we'll answer your call from 8AM-8 PM ET.

Stay safe and healthy!
